The Times-Herald family had a fine feast on new potatoes one day this week, furnished by Chas. Wilson. This is quite a luxury at this season of the year. Chas. wouldn't answer any questions so we are unable to give his fellow farmers the secret of how he raised them so early.

Sheriff Richardson returned Tuesday from Winnemucca, Nevada, with Ernest Kidd, a boy of 17 who is accused of stealing a horse and saddle from the P. L. S. Co. White horse ranch. He will likely be tried at the adjourned term of court in July. Mr. Richardson made the trip to Winnemucca in his auto without mishap until he reached 10 miles of Burns on his way home when he broke an axle.

J. A. McCune and wife arrived here yesterday from their home in San Diego, California. They made the trip in their Tourist car and Mr. McCune finds the trip a very economical one which was made without mishap in any way. The actual running time was 90 hours; the number of miles covered, 1260, gasoline consumed 80 gallons which cost an average price of 27 cents, make the actual cost per mile 1 1/2 cents. Mr. McCune was at one time a resident of the Lawen section and has many friends in this county. They will visit here a few days and will then go to Weiser, later returning to this city and then proceed to Washington where they will spend some time going home from Portland in the fall by steamer.

CHANGE WOULD NOT IMPROVE.

In conversation with Postmaster Loggan, The Times-Herald finds that a change in routing our western mail by way of Bend as suggested in our last issue would be of no benefit unless it could be brought in by auto stage which is not practical except through the summer season.

Western mail reaches Bend sooner than it does Baker but from the former point to Burns the time would be lost as it would be impossible to make a schedule of less than 40 hours for stages from that point. Under these circumstances it would not be advisable to ask for a route that way, but rather try and improve the present facilities to get mail in. Another suggestion along this line is to get better mail connections throughout the county. The present service is not satisfactory as connections are not made as they should and the people of the southern part of the county who have considerable business with Burns in land and county matters are very much inconvenienced by the present service.
